SECTION A - SUPPLEMENTAL INFORMATION

The Solicitation is hereby amended to incorporate the following changes:

1. Section C, Clause C-1 is revised to correct an ambiguity of the Technical Data Package (TDP), by adding an additional Engineering Exception to require the performance of environmental stress screening to both circuit card assemblies. See revised Clause C-1 elsewhere within this Amendment document.

2. Section A, Paragraph 5 is revised as follows:
 - A. Change the statement "Ordering Period 1 estimates include the initial order quantity cited in Paragraph 2" to read "Ordering Period 1 estimates DO NOT include the initial order quantity cited in Paragraph 2".

 - B. Change both listed "NSN" references under the "Estimated Total Quantity" matrix from "NSN" to read "P/N", as the matrix cited the Government's Part Number for both circuit card assemblies.

 - C. Change the second listed P/N reference (as revised above) under the "Estimated Total Quantity" matrix from "12308890-4" to "12308890-5", thereby correcting the matrix to list the intended Ordering Period estimated quantities for both Circuit Card Assemblies.

3. Section A, Paragraph 2, the second sentence is changed from "The guaranteed minimum quantity of 450 each is included in ordering period one", to read "The guaranteed minimum quantity of 450 each IS NOT included in the estimated quantity for Ordering Period 1 (see Paga. 5 below)."

4. The offer due date, listed in Block 9 of Standard Form 33, is hereby revised from "2004 Oct 07" to read "2004 Oct 12".

5. NOTICE TO OFFERORS: The original Technical Data Package available on the website did not allow access to all sheets of the TDP's drawings. On or about 07 Sept 2004 the TDP was reloaded to that website, correcting the accessibility problem. Thus, offerors are notified to base their proposals on the complete, reloaded TDP that was available for viewing on or after 08 Sept 2004. Offerors are advised to erase, delete, or otherwise destroy any copied TDP documents that appeared on the website prior to 08 Sept 2004.
